- We are straightforward, confidential, and professional.
- Submit a case for review online or by fax.
- Each case receives an efficient, but thorough underwriting process.
- Advances occur with minimal extra documentation.
- Case review status available 24/7 online at [www.cmgcash.com](http://www.cmgcash.com)

## FUNDING AMOUNT AND PAYMENT

The amount of a CMG advance is typically limited to less than approximately 10% of the estimated future settlement.

- In the case of Attorney Disbursement Fundings, payment is made to the plaintiff's attorney upon acceptance.
- In the case of Plaintiff Advances, payment is made directly to the plaintiff.

## DISBURSEMENT FUNDING BENEFITS

If you are like many attorneys and law firms, you may have tens of thousands (or millions) of dollars tied up in case costs and case disbursements. CMG's Attorney Disbursement product can transform your costs and disbursements into working capital.

### CMG's non-recourse attorney disbursement product can:

#### Increase Cash Flow

By advancing money to your firm for case-specific litigation expenses and disbursements, we can help you continue to litigate without stretching your firm's financial resources.

#### Reduce Case Financial Risk

Our non-recourse, case-specific fundings allow us to cover the case expenses, as well as the financial risk. Should a case conclude unsuccessfully, *neither you nor your plaintiff will be responsible for repayment of the case's disbursement advance.*

#### Maximize Case Value

Every lawyer knows that trial can be prohibitively expensive. With a CMG cash advance, you can hire experts freely, enabling you to firm up liability and maximize case value.

## PLAINTIFF ADVANCE BENEFITS

### Increase Maximum Settlement

The maximum settlement.

### No Recovery, No Payment

All CMG advances are non-recourse agreements meaning that, in the event where there is no monetary settlement, no repayment is required.

### No Preset Funding Limits or Monthly Payments

CMG has substantial funds available and will fund anywhere from \$1,000 to over \$1,000,000.00. Payments are not required until the resolution of the case.

### No Credit or Employment History

Case underwriting is evaluated ONLY on the case's merits.

### No Attorney-Client Relationship Interference

CMG does not offer legal advice nor do we interfere in the handling of the case.

## UNDERWRITING

CMG's underwriting attorneys are efficient, experienced and recognize that your time is valuable. Once a thorough assessment of the potential settlement is made, facts such as the case's timeline and specifics are used to evaluate the case's probable value and date of settlement.

CMG typically reviews the following underwriting factors:

- The merits of the case
- Damages Sustained
- Supporting Case Documentation
- Liability Scenario
